

SENIORS AND TEENS TECHNOLOGY TRAINING

This Fall, the Uxbridge Public Library will be starting a new program for Teens and Seniors. This program is FREE!

The program will match

"Seniors/Retirees/Mature Adults" who would like some form of tech training with a "Teen" who is knowledgeable and willing to teach the use of a device and or operation. The training may include but is not limited to devices such as tablets, phones, eReaders and cameras and operations such as emailing and internet searches,

The pairs will meet for FOUR sessions which will last from 30 - 60 minutes. ALL SESSIONS will be held at the Uxbridge Public Library during normal operating hours. The sessions will be planned for times that are agreeable to both parties.

All teens and seniors will fill out an application form to help the library make acceptable matches. All participants will be asked to give feedback at the end of their four sessions so that the program can be improved/changed if needed.

Participating teens will be able to count their hours towards their volunteer hours for secondary school diploma requirements. Teens will also be required to attend a basic training session at the library prior to meeting with their "Senior".
